Honoring INclusion

At Green Tree, we celebrate the unique strengths, talents, and abilities of every student. Both days remind us of the importance of creating an inclusive environment and how kindness, empathy, and accessibility make our community stronger. At Green Tree, we want all learners to feel valued, supported, and empowered to reach their full potential.

Together, we can continue to create a school environment where **every student belongs**, and diversity is celebrated every day! We are proud of our dedicated staff, families, and students who work together every day to make learning accessible and meaningful for everyone.

Special Education Day December 2nd

Today is the day that we take time to recognize the progress made in ensuring that all students have access to quality education and the support they need to succeed. This day honors the signing of the nation's first special education law, which paved the way for inclusion, advocacy, and equal opportunities for students with disabilities.

What's happening in SEL?

This month in our Social-Emotional Learning (SEL) lessons, students are exploring celebrations around the world! These lessons focus on cultural awareness, inclusion, and understanding traditions that bring families and communities together. Students are learning how people across the globe celebrate important events such as holidays, festivals, and milestones, and how these traditions reflect shared values of respect, connection, and belonging. We encourage families to continue the conversation at home by talking about your own special traditions and celebrations. Sharing these experiences helps children take pride in their culture while learning to appreciate the diversity of others.

International Day of Persons with Disabilities December 3rd

Worldwide we celebrate the International Day of Persons with Disabilities, a day dedicated to promoting understanding, inclusion, and respect for the rights and well-being of people with disabilities. This day reminds us of the importance of building communities and schools where everyone feels valued, supported, and empowered to reach their full potential.

AAC Awareness Challenge

Congrats to our FS 1 classroom for winning the AAC Awareness Challenge, where classroom staff and teachers got tickets for making sure AAC devices were charged, on students' desks, and being modeled in the classroom. Keep an eye out for more information about AAC Device Training for Families in the next few weeks. Please contact GTSS SLP Julie O'Connor at julie.oconnor@greentreeschool.org for more information.

A MEAL TO REMEMBER

This Thanksgiving season, we extend our deepest appreciation to our incredible dining staff for preparing a delicious and memorable feast for our school community. Students and staff alike enjoyed the meal, and the celebration brought a true sense of togetherness and gratitude to our building. Thank you to our dining team for going above and beyond, not just during the holiday season, but every day. Your efforts nourish not only our bodies, but also the spirit of our school. We are truly grateful!
